Subject: YUCCA MOUNTAIN 9/5/01 PUBLIC HEARING

Part of Records Package / Supplement / Correction

Yucca Mountaineers

Yucca Mountain is the only logical place to put high level nuke waste.

Although the negative speakers/protesters at the Wed's 9/5 PM/AM public hearing were laughably colorful, they were of diminished effectiveness. I was most amused by Hizzoner, Oscar Goodman's "play to the cameras" performance.

I wonder if Oscar will bust the first truck driver that turns over a 18 wheeler full of hazardous material such as LNG or Chlorine using the Spaghetti Bowl. It'll happen some time and will certainly be a greater risk than a nuke waste shipment.

I send a special hello to Kathy Clemenson. I'm most pleased with the progress she has made in her career!

Sincerely,

Joe Newlin

Former AEC, ERDA DOE employee
